## GENERATION LIGHTING

### Outdoor

#### GENERAL PRODUCT INFORMATION:

These fixtures are intended to be installed utilizing NEC compliant junction boxes.

This product is safety listed for wet locations.

#### CAUTION - RISK OF FIRE

This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Use minimum 90°C supply conductors.

- 1** Secure the mounting plate to the junction box.
- 2** Install the weatherproof strips onto the edges of the diffuser, then install the diffuser onto the brackets on the fixture and secure it in place using the diffuser screws.
- 3** Install the bottom and top covers and secure them in place using the cover washers and screws.
- 4** Connect the fixture ground wire to a suitable ground in accordance to local electrical codes.
- 5** Connect the white wire to the neutral power line wire with a wire nut.
- 6** Connect the black wire to the hot power line wire with a wire nut.
- 7** Mount the fixture base onto the mounting plate and secure it with the fixture screws.
- 8** For wet locations, caulk around the base of the fixture with waterproof construction sealant.
