

Belterra 38 Chandelier

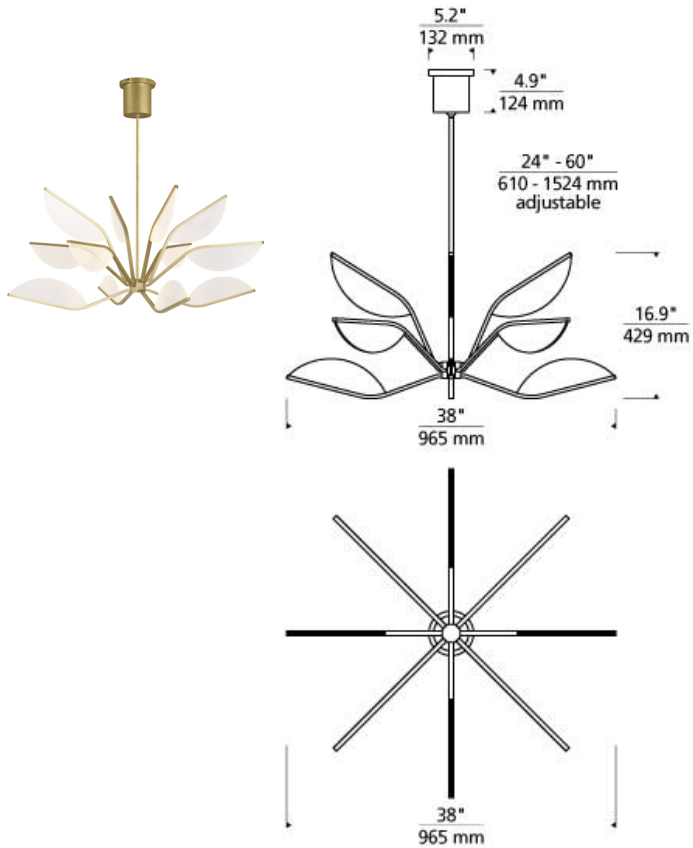

LED T20

DESCRIPTION

The Belterra chandelier by Tech Lighting is inspired by the lotus flower. Petal-shaped LED light guides beautifully illuminate this contemporary design and capture the purity of the chandelier's graceful stem-work. Offered in three elegant finishes, Belterra provides a touch of contrast to the light guides when turned on and off. Available in two sizes to illuminate the space as a stand-alone piece or installed in multiples. Lamping options are compatible with most dimmers. Refer to the Dimming Chart for more information. Includes 50.4 watts, 3540 total delivered lumens, 3000K LED linear modules. Dimmable with most LED compatible ELV and TRIAC dimmers. Ships with (4) 12" and (2) 6" rigid stems in coordinating finish. Can be installed on a sloped ceiling up to 45°.
